

E-mail within a company to employees

Subject: Invitation to "Bring your child to work with TAG" – A special opportunity for you and your child

Dear colleagues,

We are excited to announce a very special opportunity for you and your family: the "Bring Your Child to Work with TAG" which will take place from [date].

On one of these days (school day), your company offers you the opportunity to bring your child or a child from your family to your workplace and give them an exciting insight into your everyday professional life.

Who can participate? This day is especially for children who are in the 3rd grade of elementary school (about 9 years old) or in the 7th grade in middle school or high school (about 13 years old).

What do you need to do? Registration for this campaign is only possible through your child's school. Please contact your child's school to ensure that your child is registered and receives all the necessary information. The school will handle all organisational aspects, including insurance coverage.

Why should you attend?

- **Educational experience:** Your child will have the opportunity to explore the workplace and learn more about your professional activities.
- **Strengthen bonding:** Spend an unforgettable day with your child and share your professional passions with him.
- **Company culture:** Show your child what your work environment is like and what values your company represents.

We invite all interested employees to take advantage of this opportunity and give their children a unique experience. This is a wonderful way to give our young guests an insight into the world of work and maybe even inspire them for future career paths.

Please note the deadline for registration through your school and let us know if you need support or have any questions.

We look forward to an inspiring and joyful day with you and your children!

Best wishes
